**WARRANT FOR ANNUAL TOWN MEETING
THE STATE OF NEW HAMPSHIRE**

Grafton, SS.

Town of Hanover

TO THE INHABITANTS OF THE TOWN OF HANOVER,
NEW HAMPSHIRE, who are qualified to vote in town affairs.

TAKE NOTICE and be WARNED that the annual town meeting of the Town of Hanover, New Hampshire will be held in the auditorium of the Hanover High School, Lebanon Street, Hanover, New Hampshire on Tuesday, March 11, 1969 at 7:30 p.m. for the choice of town officers and the transaction of all other town business.

TAKE FURTHER NOTICE that the polls for the election by non-partisan ballot of town officers are to open at 7:30 p.m. and are to close at 9:30 p.m., or one half hour after completion of voting on the last Article in the Warrant, whichever is later, unless the town meeting votes to keep the polls open to a later hour.

THE SUBJECT MATTER of all business to be acted upon at the town meeting is stated as follows:

ONE: To choose by non-partisan ballot the following listed town officers:

Two Selectmen, each to serve for a term of three years.

One Town Clerk, to serve for a term of three years.

One Treasurer, to serve for a term of one year.

One Trustee of the Town Trust Funds, to serve for a term of three years.

One Library Trustee, to serve for a term of three years.

TWO: To receive the reports to the Town from the Selectmen, Town Clerk, Treasurer, Auditors, Collector of Taxes, and other town officers, and to vote on any motion relating to these reports.

THREE: To raise and appropriate such sums of money as the Town judges necessary to pay the Town expenses during the next fiscal year for the purposes set forth in the town budget.

FOUR: To choose the following Town officers, to be elected by a majority vote:

Two Auditors each for a term of one year.

One Member of the Advisory Assessors Board for a term of three years.

Three Fence Viewers each for a term of one year.

Two Surveyors of Wood and Timber for a term of one year.

Such other officers as the town may judge necessary for managing its affairs.

FIVE: To see if the Town will vote to raise and appropriate the sum of \$600 to pay for its share in the cost of the Hanover Information Booth during the summer months of 1969.

SIX: To see if the Town will vote to raise and appropriate the sum of \$5,000 for the Town's share of the operational cost of the Lebanon Regional Airport Authority for the fiscal year 1969.

SEVEN: To see if the Town will vote to raise and appropriate the sum of \$3,800 for the Town's share of the operational cost of the Upper Valley Development Council for the fiscal year 1969.

EIGHT: To see if the Town will vote to raise and appropriate the sum of \$500 for the Town's share of the operational cost of the Dartmouth-Lake Sunapee Region for the fiscal year 1969.

NINE: To see if the Town will vote to appropriate the un-expended balance of the following previous appropriations:

(a) for sewer expenses of \$6,148.01 and place this sum in a capital reserve fund for the improvement of sewage facilities; and

(b) for conservation purposes of \$1,719.95; and place this sum in a capital reserve fund for the anticipated cost of acquisition of property in accordance with RSA Chapter 36-A.

TEN: To see if the Town will vote to appropriate a sum of money not exceeding \$200,000 for the acquisition and improvement of sites for off-street parking facilities, and for this purpose to authorize the selectmen from time to time to borrow some part or all of such sum and to issue notes or bonds of the Town under and in accordance with the provisions of Chapter 374, Laws of 1963, as Amended, and the Municipal Finance Act, and take any other action relative thereto.

ELEVEN: To see if the Town will vote to authorize the selectmen to borrow such sums of money that are necessary to meet the Town's obligations until the taxes are collected and paid into the treasury.

TWELVE: To see if the Town will vote to appropriate \$850,000 or any lesser sum of money for the construction, reconstruction and improvement of sewers and sewage treatment and disposal facilities and to determine whether such appropriation shall be raised by borrowing or otherwise and to take any other action relative thereto.

THIRTEEN: To see if the Town will vote to raise and appropriate the sum of \$25,000 to improve Reservoir Road, provide necessary drainage and such other necessary road improvements as may be required by the construction of the new school.

FOURTEEN: To see if the Town will vote to discontinue a portion of Dresden Road located within the boundaries of the Hanover School District, and to accept from the School District land after the Hanover School District has constructed the cul-de-sac, all as shown on Plan entitled "Proposed Revision to Dresden Road" dated August 19, 1968, a copy of which is on file in the Office of the Selectmen.

FIFTEEN: To see if the Town will vote to change the name of the island located in the Connecticut River from Nigger Island to Ledyard Island. (by petition)

SIXTEEN: To see if the Town will vote that hereafter all money requests that exceed \$1,000.00 shall be voted on by written ballot by the legal voters of Hanover, New Hampshire. (by petition)

SEVENTEEN: To transact any other business that legally may be brought before said meeting.

Given under our hands and the seal of the Town of Hanover, this 24th day of February, 1969.

REPORT OF TOWN ACTIVITIES

SELECTMEN'S REPORT

As we enter the second year of experience with the Town Manager form of government, the Selectmen can only affirm their immense satisfaction with its adoption, and express their full confidence in the Town Manager. Through his unusual skill, understanding and leadership in Town affairs, he has quickly earned the respect and confidence of employees, members of our Boards and Commissions, and citizens alike.

In 1968, Hanover has continued to feel the growing impact of change in the needs and activities of the Town. Because of this, it is becoming increasingly evident that the Town government, in addition to administering the normal affairs of the Town, must, also, through sound planning develop timely and constructive programs and take initiative in carrying them forward.

In this report brief mention will be made of what appear to be the most important areas where progress and change are reflected.

One of the critical matters in the central business district continues to be the problem of providing adequate parking. In 1968 eighty-four new parking spaces were added along South Street on the Marshall, White and Daley properties.

An overall study of the Sewer System was undertaken and positive plans for its expansion over the next ten years drawn up. Authorization for a bond issue to initiate this plan during 1969 is being requested in an article in the Warrant.

The need for further study of the long range requirements for municipal facilities has been recognized, and a new study committee has been appointed by the Board of Selectmen to consider this important problem.

An overall evaluation of the road maintenance and improvement program and schedule has been made, and a work program has been planned on a realistic schedule over the next five years.

Preliminary exploration of new methods of solid waste disposal was undertaken. A positive plan must soon be developed, since no open dump burning will be permitted after 1971 under the recently enacted State Legislation.

Regional planning has been specifically implemented between Hanover and Lebanon with respect to sewage plans. Such regional planning may soon be extended into other problem areas and involve other Upper Valley towns.

The Town has developed a plan in cooperation with the Mary Hitchcock Hospital and the Dartmouth Medical School to ensure emergency medical service for the Town of Hanover and other neighboring towns. This arrangement was made necessary by the withdrawal of private services.

With the adoption of improved administrative techniques, reassignments of responsibilities, utilization of mechanized equipment, and responsible purchasing methods, attempts are being made to provide effective service at the lowest possible cost. One example is the addition of radios in the Highway and Sewer Departments which has enabled these departments to provide more prompt and efficient service.

In accordance with the authorization of the Town Meeting in 1968, the Selectmen have conveyed a part of the Gould Farm to Trumbull-Nelson for a redevelopment and expansion of their commercial facilities in Hanover. The required approval of the Conservation Commission contained protection of a Mink Brook Conservation area adjacent to the Town Garage and the Trumbull-Nelson property. A survey of other Town lands along Route 120 in both Hanover and Lebanon has been completed. Subsequent development may add other such enterprises to Hanover's tax base.

One area that does cause the Board of Selectmen a large measure of concern is the cost and the magnitude of adequate town services. Some new commitments are forced upon us by external causes, such as the air and water pollution abatement legislation, and the withdrawal of private ambulance service. Other new commitments are needed for our well being such as prompt plowing and snow removal, sewerage, parking, and the rather major street improvements that must soon be undertaken. The Selectmen are also particularly concerned with growing concentration of activities in the southwestern corner of town which is raising questions of the optimum use of the limited available space. Present and new expansion of institutional, commercial, and residential uses will inevitably aggravate the already acute problems of access, parking, as well as space itself. We believe that these matters must be faced honestly and with the best judgment of all concerned in order to develop sound programs to meet our anticipated needs within our available resources.

CEMETERY DEPARTMENT

The Pine Knolls Cemetery expansion project was completed. The new area will be available for sale in 1969. Members of the Neighborhood Youth Corps assisted in summer maintenance.

CONSERVATION COMMISSION

The Commission has concentrated upon the open-space preservation program in the Mink Brook area. In 1968 the Town retained a 150 foot protective strip along the brook behind the Gould Farm, and the Commission worked closely with state highway officials on plans for Route 120 reconstruction near the brook.

FIRE DEPARTMENT

There were 386 calls in 1968 compared with 284 in 1967. The estimated fire loss was \$64,000 compared with \$79,000 in 1967.

The new Maxim pumper was delivered in 1968. The vehicle has greatly increased firefighting capabilities. Plans are being completed for the purchase of a combination 1500 gallon tanker-pumper for the Etna Station to replace the existing pumpers.

All permanent firemen and several call firemen participated in the three day Emergency Care of the Sick and Injured program sponsored by the Dartmouth Medical School. Again this year two firemen participated in the Boston Advance Practical Course on Initial Emergency Care and Transportation of the Sick and Injured held at Harvard University.

A three day fire prevention school was held at the Mary Hitchcock Memorial Hospital and a two day school at the U. S. Army Terrestrial Science Center. There were more than 700 participants.

HEALTH OFFICER

Hanover experienced two epidemics in 1968. The first was a food-borne epidemic caused by *Shigella sonnei*. The exact number of individuals involved in this epidemic is not known. However, the organism was isolated from more than 50 individuals who had eaten in a local establishment and were infected in a three-day period in late October.

At the end of the year there was clinical evidence that Hanover was involved in the Influenza epidemic along with

much of the nation. Only limited supplies of vaccine were available to combat this problem.

HIGHWAY DEPARTMENT

Several miles of road outside of the compact area were sealed by contract. The paving of Dogford Road was completed with State assistance. A new bridge on Ruddsboro Road was completed.

Within the compact area several streets were overlaid with asphalt, including School Street, Wheelock Street, Rope Ferry Road and Webster Avenue. A portion of Hovey Lane was reconstructed.

Severe weather at the end of the year increased snow removal expenditures considerably. During storms, the highway radio equipment enabled more immediate and effective response.

Usual maintenance included road grading, ditch cleaning, street sweeping and road patching.

TOWN LIBRARY

The addition of drapes adds greatly to the appearance and comfort of the library. Future plans include additional furniture to complete the reading room facilities.

Yearly State aid increases the number of reference volumes. In compliance with the Statewide Library Development Program, the library will be open two additional hours each week.

The Bookmobile keeps our readers supplied with not only the current fiction and non-fiction volumes, but also special information on individual interests.

PARKING SYSTEM

The Marshall and White buildings located on the south side of West South Street were demolished and an all-day parking lot with 63 spaces provided. Also, 21 all-day spaces were constructed on the southeast corner of East South Street and Currier Place. An additional 49 metered parking spaces have been added behind the Municipal Building and the Nugget Theatre.

PLANNING BOARD

A major effort has been expended on finalizing the Zoning Ordinance which, hopefully, will be presented to the Town for adoption sometime during 1969. One of the areas causing considerable concern relates to the density of land use, as well as allowable heights within certain areas within the Town. In order to establish a more flexible rule, governing the use of land, as well as at the same time preserving the interests of the people within the Town and the character of the Town, the Board has been engaged in the development of a procedure for site plan review. This review will allow modification of dimensional requirements for non-residential uses within the Town in order to provide a greater degree of flexibility.

During the past year the Board has considered several new subdivisions. In the review of the subdivisions, the Board is establishing commitments on the part of the Town with regard to the quality of the road system, drainage and utilities. Cooperation between the Board and the subdividers has existed in the consideration of past subdivisions so that the Board reasonably feels that a high level of development and attractiveness has been achieved. Realizing that such cooperation is not guaranteed, the Board also is engaged in discussing a revision of the subdivision regulations which will ensure that as lands are developed the Town will not be obligated to major expense in order to maintain the facilities which are necessary to serve these areas. A public hearing will be held on the subdivision proposal.

The Planning Board also has played an active part in the establishment of a regional planning group which will involve many of the neighboring towns. With current governmental regulations requiring regional planning as a prelude to any federal assistance for construction of major facilities necessary to serve the Town, the formation of such a regional board is a necessity.

The Board has also been involved in developing an inventory of scenic and historic areas in Grafton County under the general control of the Soil Conservation Service of the United States Department of Agriculture. This inventory is being conducted on a nation-wide basis with its intent being to help communities recognize and identify areas of significance so they may be eventually restored, protected, or managed for maximum benefit to the community. The assistance of the Hanover Conservation Commission and Hanover Historical

Society is greatly appreciated in producing this inventory.

The Board has also met with members of the Soil Conservation Service, U. S. D. A., to discuss the content of the soil evaluation and cataloging study which it had contracted for in the past year.

POLICE DEPARTMENT

In 1968 the Police Department received the Pedestrian Safety Achievement award from the American Automobile Association for 18 years without a pedestrian fatality.

There was a noticeable increase in all police activities. The police cruisers traveled over 79,000 miles. A new patrolman, Dexter M. Pierce, joined the Department upon completion of the New Hampshire State Police Training School program.

The need for adequate police facilities increases. The eight man department functions in an area designed for a one man part-time police force. The lack of adequate facilities is extremely frustrating for the police officers and frequently embarrassing to the public.

SEWER AND WASTE WATER TREATMENT

In addition to normal operations and maintenance, plant personnel revised certain plant piping and fabricated new equipment so that the plant will operate more efficiently. An additional pump was purchased for the largest pumping station so that the existing pumps can be rebuilt as required and the operating effectiveness of the station maintained.

A number of new manholes were completed. Sewer service was extended to Mourlyn Road and a section of sewer line along Lyme Road reconstructed. The line contributed considerable ground water and dirt to the sewer system.

VISITING NURSE

In 1968, the Visiting Nurse provided 1515 visits. In addition chest X-ray, oral polio and flu vaccine clinics reached 338 persons. Particularly, with the addition of Medicare the service continues to grow, requiring additional personnel.

THIRTY-SEVENTH ANNUAL REPORT of the HANOVER FINANCE COMMITTEE 1969

The Town of Hanover 1969 Financial Program proposes an increase of approximately \$150,000, or 17.9%. Of that total increase \$134,000 is represented by an increase in the cost of personal services of \$48,947, Highway Maintenance and Reconstruction an increase of \$63,550, and Drainage and Bridges an increase of \$21,900. The Personal Services increase is made up of an 8% cost of living adjustment, \$23,776, three additional full time men in the Fire Department, \$11,322, a full year's salary for additional personnel added during 1968, \$4,601, pensions and social security, \$4,579, and miscellaneous increases \$3,369. The increase in Highway Maintenance and Reconstruction is accounted for primarily by a program designed to make more permanent improvements on town roads at the rate of three to four miles of street per year utilizing an asphalt overlay system. Sixty Thousand dollars has been budgeted for this purpose for 1969. The Drainage and Bridges figure of \$21,900 primarily reflects a continuing program that will in time reconstruct or replace all wooden plank bridges. Anticipated as decreases in revenue for 1969 are \$7,000 in parking fines, which funds will be put into a capital reserve for improvement of parking in the future rather than going into general funds, and an estimated decrease in the interest and dividends tax of \$10,000, to reflect a stabilizing of this source of income which had been increasing notably in recent years.

Appearing as a special article in the Town Warrant for 1969 is a section entitled Reservoir Road, which requests the authorization to put into capital reserve \$25,000 for the improvements in Reservoir Road. This has been inserted as a separate article so as to properly identify it as a correlary expense to the approved new school which will be constructed off of Reservoir Road. The Finance Committee has concurred with all the recommendations of the Board of Selectmen and the Town Manager for fiscal expenses of 1969 with the exception of a proposed new fire engine for the Etna station. Actually authority for this was granted at the 1968 town meeting and the funds are available in reserve. However, the Finance Committee still remains opposed to the expenditure of between \$28,000 and \$35,000 for new equipment in a totally unmanned fire station. The Finance Committee would prefer to see these funds expended on equipment for the permanently manned station.

The Dresden and Hanover school budgets for the year 1969-1970 total \$1,961,202 an increase of \$410,755 or 21% over the 1968-1969 budget. Deductions of receipts other than taxes and the share of Dresden paid by Norwich reduces Hanover's share of the school budget to be raised by taxes to \$1,364,630 or 20% increase over last year. Although most of the line items in both school budgets show an increase there are two items in particular that reflect abnormal gains, these are teacher salaries (up 15%) and debt service resulting from the new elementary school (up 98.8%).

The Hanover Finance Committee has worked very closely with the school boards and the Norwich Finance Committee in studying and making recommendations relative to the school budgets, and in all areas but one, concur with the school boards proposed budgets for 1969-1970.

The Hanover Finance Committee working with the Norwich Finance Committee has proposed that the teacher salary increase be based on the \$6,200 beginner teacher level rather than the \$6,350 level as proposed and approved by the separate school boards and the teachers. The majority opinion of the Finance Committee was that the \$6,200 base resulting in an average salary increase of \$921, or 12% is a very substantial gain for a one year period. The \$6,350 base will result in an average salary increase of \$1,130, or 14.7% which the Finance Committees felt was excessive.

BUDGET DISCUSSIONS 1968 AND 1969

1968 REVENUE

Revenues for 1968 were \$18,218 less than budget projections. The Interest and Dividends Tax yield was \$13,886 less than expected. Parking Fines, budgeted for \$7,000, were transferred to the Parking System. As there was no sidewalk construction in 1968, Sidewalk Reserve revenue was \$10,594 less than budgeted.

Property tax collections were \$6,385.83 higher than budgeted. Motor Vehicle Permits exceeded the budget estimate by \$5,415. Interest revenue from temporary investments was \$7,000 higher than budgeted because of higher yields.

Uncollected property taxes as of December 31, 1968, totaled \$89,030.17 compared with \$69,463.83 in 1967.

1968 EXPENDITURES

In 1968, \$855,813 was budgeted for expenditures. Actual expenditures amounted to \$787,876.41. The explanation of differences between budgeted amounts and actual expenditures is as follows:

Department or Division	Amount Under or (Exceeding) 1968 Budget	Explanation
<i>GENERAL GOVERNMENT</i>	\$10,897.16	Professional fees and legal expense less than expected. Dartmouth College property tax litigation did not enter Court in 1968.
<i>FIRE DEPARTMENT</i>		
Fire Fighting	5,415.62	Salaries and Capital Outlay less than expected.
Fire Stations	570.23	Repairs and Maintenance less than expected.
Building Inspection	520.00	Salaries less than expected.
Hydrant Rental	(12.79)	
Civil Defense	40.70	
<i>POLICE DEPARTMENT</i>	488.14	Operating Expenses slightly below estimate.
<i>PUBLIC WORKS</i>		
Highways	10,051.16	Street maintenance program was accelerated. Snow removal and motor vehicle repairs and maintenance exceeded estimate. Certain capital outlay projects were delayed.
Sewers and Waste Water Treatment	14,290.95	Salaries and operating expenses slightly below estimate, major sewer construction postponed.

Cemeteries	2,647.96	Capital Outlay projects postponed.
Public Buildings	3,163.96	Buildings and Grounds Maintenance considerably less than expected.
Street Lights	637.30	Lights around Dartmouth College campus temporarily disconnected for several months.
Sidewalks	10,593.82	Major sidewalk construction postponed.
Dump	691.67	Operating expenses less than expected.
Trees	(5,125.57)	Tree removal necessitated by disease considerably greater than expected.
<i>HEALTH AND WELFARE</i>	4,787.47	Personal services exceeded budget with addition of part-time help for Medicare assistance. Old Age Assistance was substantially less than budgeted.
<i>LIBRARIES</i>		
Etna	(31.28)	
<i>BOARDS, COMMISSIONS AND SPECIAL PURPOSE AGENCIES</i>	3,507.19	Most of Conservation Commission budget transferred to reserve. Planning Board expenditures postponed with delay of zoning ordinance.
<i>DEBT AND INTEREST</i>	(4,739.21)	Interest on tax anticipation note exceeded estimate.
<i>THREE MILE ROAD</i>	9,543.00	Construction deferred.

1969 REVENUE

Projected revenue for 1969 is \$1,009,975, an increase of \$153,262 over the 1968 budget and \$171,480 over 1968 actual revenue. Revenue from sources other than property tax will provide \$27,660 of the increase and \$125,602 additional revenue is projected from property tax.

Major revenue increases, from sources other than property tax, are projected for motor vehicle permits, interest on temporary investments, rooms and meals tax, nursing services, highway services, transfers from the sewer area tax and sidewalk reserves and prior year's revenues.

Motor vehicle permit revenue continues to increase. As interest rates climb, the return to the Town from temporary investments also increases. In 1968 interest income exceeded borrowing costs by \$1,457.06.

Revenue from the rooms and meals tax exceeded the 1968 budget estimate. A further increase is projected for 1969 if the General Court does not substantially revise the program. As the Medicare program expands, reimbursement for services also increases. Occasionally the Town departments provide special services to other government agencies, contractors and private individuals when such services can not be obtained elsewhere. Revenue from these services appears as Fire Services and Highway Services.

Transfers of \$20,100, from reserve funds, are included as revenue. The sidewalk program for 1969 will be funded by a transfer from the reserve rather than from levy of a special sidewalk property tax as in some previous years.

The unexpended balances of \$6,605.71 from the fire service area budget, \$3,326.41 from unexpended sewer tax and \$10,000 from unexpended sewer rentals are applied to the 1969 budget. In addition, \$17,204.04 in cash surplus and \$4,796.42 in accounts receivable is included in 1969 revenues. In 1968 the cash surplus was \$19,940.60 and accounts receivable \$2,096.70.

1969 EXPENDITURES

All Departments

The 1969 expenditure budget amounts to \$1,009,075, an increase of \$153,262 from 1968. This total does not include capital reserve expenditures, the parking system and the budget for the District Court. An 8% wage adjustment is proposed for all full-time employees. In 1968, State pension fund con-

tributions increased several percent for most employees while the consumer price index raised 4.7%. Including reclassifications and longevity pay the average increase for full-time employees is \$700 or 11.12%.

In addition, both the police and fire budgets include specialist pay which amounts to \$2,600. A special classification, with additional pay, is provided for those policemen and firemen who undertake extra training and responsibilities. This may be cross-training in the other department or a specialized service, such as equipment maintenance, building inspection or emergency medical care supervision. This change will provide more effective utilization of existing manpower and higher pay for those employees who demonstrate initiative in training and performance.

The insurance and bonding, medical insurance and services, clothing expense, and equipment reserve accounts increase in most departments.

The cost of workmen's compensation insurance increases with higher payrolls. Higher property values require increased fire insurance. A new item for 1969 is long-term disability protection which has been requested by the Town employees.

The increase in medical insurance and services reflects an entire year of improved coverage which was changed in April 1968.

As in previous years, all uniforms are provided for the Police Department. The firemen have been receiving \$100 per year for clothing. The 1969 budget proposes an increase to \$120. All other employees previously were furnished only special protective clothing. The 1969 budget includes the furnishing of uniforms for all highway, cemetery and treatment plant employees.

The equipment reserve is increased in police, sewer and highways. These reserves provide for equipment replacement as required and tend to diminish yearly fluctuations in the amount budgeted for equipment.

Fire

The proposed addition of 3 firemen will:

1. Provide an on-duty ambulance crew and retain response manpower in the station.
2. Assist in meeting the recommendations of the 1968 survey of the New Hampshire Board of Fire Underwriters and enable Hanover to retain a favorable fire insurance rate.

With the additional men there will be 12 full-time employees or 1.21 full-time men per 1,000 population. In the New England area for cities in the 10,000 to 25,000 population range, the median number of full-time firemen is 1.91. The character of the Hanover community creates special life hazards and higher property values which may exceed those of many larger communities.

Capital outlay provides an additional \$2,500 for the extension of the fire alarm system to the new elementary school site and the Terrestrial Sciences Center.

Building inspection has been deleted as a separate budget item. In 1968 transition to full-time inspection will be initiated. Eventually all inspection services will be on a full-time basis within the Fire Department.

Police

An additional school patrol guard is provided to replace school personnel. If employment of an additional guard is not possible, school personnel will continue to be used. Clothing expense has increased partly to provide uniforms for the additional guard.

Highways

Personal services in the Highway Department have not increased substantially. Contracted services have slowed the need for additional personnel. However, if demands for more and faster service continue, additional personnel will be required in future years.

Street maintenance has been increased substantially to permit continuation of sealing in the less heavily traveled areas of the Town and accelerate reconstruction and asphalt overlay in the compact area. It is expected that between 3 and 4 miles of street will be overlaid each year. With State assistance another 2.5 miles of road will be paved outside of the compact area. The accelerated program, which has been postponed for some years, will continue until all road mileage is substantially improved.

The increase in drainage and bridges will provide for the reconstruction of three bridges and the replacement of one bridge. The bridge replacement program will continue until all wood plank bridges are reconstructed or replaced.

Capital outlay has been reduced because major street and bridge improvements have been transferred to operating expense accounts.

Sewers and Waste Water Treatment

Greater flows increase expenditures for utilities and operational supplies. An additional \$5,000 is provided for new construction.

Cemeteries

Capital outlay is increased to provide special digging equipment and partial refencing of the Dartmouth Cemetery.

Public Buildings

Capital outlay provides for tuckpointing of part of the municipal building and partial rewiring.

Street Lights

The increase provides for extensions in new subdivisions and relighting.

Sidewalks

A sidewalk tractor requires replacement. No tax levy is proposed in 1969 for sidewalks.

Dump

Funds are provided for the rental of earth moving equipment.

Trees

The increase provides for additional spraying and tree removal.

Health and Welfare

Additional part-time nursing personnel is provided. Most of the added cost will be borne by Medicare. Also, \$8,500 is provided for one-half of the most of an ambulance for emergency medical care services.

Some months ago the Hanover private ambulance operator notified the Town that he intended to discontinue service as of April 1, 1969. The Board of Selectmen appointed a committee to study the problem. Because of similar problems in neighboring communities several other local and regional committees also were concerned with the issue. The final proposal was regional emergency medical care service provided cooperatively by Hanover and Mary Hitchcock Memorial Hospital. The Dartmouth Medical School will develop and offer an emergency medical care training program. The service will be provided from Mary Hitchcock Memorial Hospital during the day on weekdays and until noon on Saturday. During the evening and

on weekends the service will be provided by the fire department. Several area Towns have indicated a desire to participate in the regional program. Hanover will be reimbursed for calls to other Towns.

The service will be financed by a \$1 per capita contribution to the service in 1969 and charges to the users. The per capita contribution will vary each year depending upon the actual cost of service and collections.

An application has been submitted to the Federal Government for grant assistance in the amount of \$8,500 for one-half of the cost of the ambulance and associated equipment. The other half of the cost represents Hanover's per capita contribution to the service. Welfare funds also are budgeted for Hanover residents who may be unable to pay.

Libraries

The Etna library budget increases to provide additional hours of service. The Howe library request decreases \$1,900.

Boards, Commissions and Special Purpose Agencies

An additional amount is provided for the Planning Board for special studies and printing of the zoning ordinance. In cooperation with the Upper Valley Development Council an additional \$500 is provided for regional planning. As the Upper Valley Development Council becomes more involved in regional planning, greater State and Federal assistance will become available for regional planning.

Debt and Interest

The increase results from higher interest rates for short-term borrowing.

Equipment Replacement

Equipment replacement is listed in detail elsewhere in the Town Report.

Special Articles

Special Articles to be considered by the Town for special purpose agencies amount to \$9,900. This includes \$600 for the Hanover Information Booth, \$5,000 for the Lebanon Regional Airport Authority, \$3,800 for the Upper Valley Development Council, and \$500 for the Dartmouth-Lake Sunapee Region.

Another special article is a proposal to raise \$25,000 for the reconstruction of Reservoir Road and other improvements necessitated by the construction of the new elementary school.

Several years ago \$25,000 was appropriated for this purpose and is available in a reserve account. It is estimated that the Reservoir Road reconstruction, sidewalks on one side of Rip and Hemlock Roads, on 2 sides of Reservoir Road and 1 side of Lyme Road south of Reservoir Road will cost approximately \$100,000. Based upon completed engineering plans, an additional fund request of approximately \$50,000 will be presented to the Town for consideration in 1970. The construction will be undertaken in 1970 to be completed before opening of the school in September.

There will be other Town expenditures associated with the development of the school. These include the extension of the fire alarm system, street lighting and traffic controls at the Reservoir-Lyme Road intersection. The fire alarm extension is included in the fire department budget for 1969.

In 1957 the Town authorized the Selectmen to initiate a parking development program and authorize borrowing authority in the amount of \$175,000. In 1967 the borrowing authority was increased by \$195,000. Since the original authorization \$146,222 has been paid back. The bonding authority remaining is \$101,478. The Selectmen request an additional authority of \$200,000 so that the parking acquisition program may continue without delay. The parking system is financed only from parking revenues.

Another special article provides for the issuance of \$850,000 in sewer bonds for the improvement of the sewer system, including the construction and reconstruction of sewers and treatment plant improvements. The project, to be accomplished between 1969 and 1972, provides \$841,000 for the construction of new sewers in areas presently not serviced, the reconstruction of badly deteriorated sewers, and additional sewers to alleviate overloading and \$9,000 for new equipment at the treatment plant. The major construction phase provides \$510,000 to extend sewer service to the Greensboro Road area.

The bonds to be issued for a twenty year period will be financed from sewer rentals and property tax from residents within the sewer district. Federal and State assistance will be utilized wherever possible.

It is expected that sewer service will be extended to a part of West Lebanon immediately adjacent to the Town of Hanover. This extension will be without cost to Hanover residents. In fact, users in Lebanon will pay sewer service and tax rates considerably higher than the rates in Hanover.

BUDGET SUMMARY

HANOVER, N. H. TOWN MEETING

MARCH 12, 1968

The Annual Meeting of the inhabitants of the Town of Hanover, in the County of Grafton and State of New Hampshire, qualified to vote in Town affairs was called to order by Moderator, Herbert W. Hill.

The Warrant on which the meeting was called was read by the Town Clerk, Marion E. Guyer.

The polls opened for voting on Articles one, two, three and four at 10:00 A.M. The results of the voting are as follows:

Article I: Presidential Primary (Details recorded in Town Clerk's record book).

Article II: The following Town officers were elected:

For Selectman (three years) : William I. Crooker

For Town Clerk (one year) : Marion E. Guyer

For Treasurer (one year) : LeRoy G. Porter

For Trustee of Trust Funds (three years) : Max A. Norton

For Library Trustee (three years) : Elsie M. Wendlandt

Article III: It was voted to elect the Town Clerk for a three-year term, instead of a one year term.

Article IV: It was voted that the powers and duties of the office of Collector of Taxes be transferred from said office to that of Town Manager.

Article V: It was voted that the reports of the Selectmen, Treasurer, Auditors and other Town Officers, as printed in the town report, be accepted.

Article VI: The following Town Officers were elected:

Auditors for a term of one year: C. Bennett Brown, Jr. and
Bruce D. McAllister

Member of the Advisory Assessors Board for three years:
Lewis J. Bressett

Surveyors of Wood and Lumber for one year: Morris
Hayes and Niles A. Lacoss

Fence Viewers for a term of one year: Clifford R. Elder,
G. Wesley LaBombard and Edward C. Lathem

Park Commissioner for three years: Caroline C. Tenney

Article VII: It was voted that the sum of \$418,674 be raised and appropriated to defray town charges for the year 1968.

Article VIII: It was voted that the Town raise and appropriate the sum of \$600 for the Town's share of the operational cost of the Hanover Information Booth for the summer of 1968.

Article IX: It was voted that the town raise and appropriate the sum of \$5,000 for the Town's share of the operational cost of the Lebanon Regional Airport Authority.

Article X: It was voted to raise and appropriate the sum of \$3,500 for the Town's share of the operational cost of the Upper Valley Development Council.

Article XI: It was voted to raise and appropriate the sum of \$500 for the Town's share of the operational cost of the Dartmouth-Lake Sunapee Region Association.

Article XII: It was voted that the Town repair, improve, and maintain the public highway known as the Three Mile Road, from the Southeast end of Ferson Road so called to the Southeast end of the Thompson road so called for a distance of approximately 3/10 of a mile. It was voted to raise and appropriate the sum of \$10,000 for the purpose of repairing, improving and maintaining the public highway known as the Three Mile Road as described in the above motion.

Article XIII: It was voted to authorize the Selectmen to borrow in anticipation of taxes an aggregate principal amount not exceeding the total tax levy during the preceding financial year and to authorize the Selectmen to issue the notes of the Town as evidence of such indebtedness.

Article XIV: It was voted to appropriate the unexpended balance of the previous appropriation for sewer expenses of \$3,636.47 and place the same in a capital reserve fund for the improvement of sewage facilities.

Article XV: It was voted to authorize the sale of all or part of land owned by the Town of Hanover located on both sides of the Mount Support Road, sometimes known as the Gould Farm and the Town Dump, for purpose of Industrial, business, or other appropriate development, under such terms, conditions,

and sale price, as in the judgment of the Selectmen would best serve the interests of the Town and to authorize the Selectmen to execute and deliver, on behalf of the Town, agreements, deeds, and any other instruments that may be required, and to take any other action that may be necessary or convenient to carry this vote into effect, provided that the Selectmen acquire the permission or the approval of the Conservation Commission.

Article XVI: It was voted to authorize the Board of Selectmen to enter into a contract in 1968 for the purchase of a Town fire engine, for delivery in 1969, with payment to be derived in part from appropriations in 1968 and in part from appropriations to be made in 1969.

Article XVII: It was voted to authorize membership in a regional planning commission pursuant to and as authorized under sections 37 through 44, Chapter 36, Revised Laws of New Hampshire, 1955, as amended, and to raise and appropriate the sum of \$500 for such purpose.

Article XVIII: Mr. David Nutt read the following Resolution:

NATHANIEL G. BURLEIGH

“Nat” Burleigh has requested retirement from his position on the Advisory Board of Assessors, a position which he has held for twenty-two years. Throughout this long period of service he has shown the very wise, sound, fair and tactful judgment needed in this sometimes sensitive office. All Selectmen who have participated in the assessing function have the highest regard for “Nat” and have enjoyed and profited from their association with him. The citizens of Hanover are deeply indebted to him, and would wish to join in this brief but sincere expression of appreciation for his years of generous and dedicated service in Town affairs.

Mr. Edward S. Brown read the following Resolution:

KENNETH C. DIMICK

On December 31, 1967, Mr. Kenneth C. Dimick completed 13 years of devoted service to the Town of Hanover as a member of the Zoning Board of Adjustment. During most of this period, Ken served in the key position as Clerk of the Board.

Through his unselfish commitment to this service, his wisdom in zoning matters, and his fairness in judgments, Ken has won

the esteem of colleagues and petitioners alike.

The Town of Hanover herewith records its deep appreciation to Mr. Dimick for all he has done to enable zoning to become an effective tool in the building of a better Hanover.

Mr. James Cusick read the following Resolution:

Dr. DAVID J. BRADLEY

Dr. David J. Bradley is now completing three years of service to the Town of Hanover as a Selectman. Dr. Bradley's impact upon the Town of Hanover, both as a Selectman and a concerned citizen will be long remembered. His dedication to our community, his many professional and individual interests and his unique wit all provided new prospectives for Town Government. Sometimes quietly, sometimes forcefully, he has offered new insights for community improvement. The Town of Hanover expresses its appreciation to Dr. David J. Bradley for his dedicated service.

The meeting was adjourned.

Respectfully submitted,
MARION E. GUYER, *Town Clerk*

STATE OF NEW HAMPSHIRE**

Grafton, S.S.

School District of Hanover

To the inhabitants of the School District of Hanover, in the County of Grafton, and State of New Hampshire qualified to vote in District affairs:

You are hereby notified to meet at the Auditorium of the High School in Hanover, New Hampshire on Wednesday, March 5, 1969, at 8:00 o'clock in the evening, to act on the following subjects:

Article 1. To choose by ballot a Moderator, a Clerk, and a Treasurer, each to serve one year and three members of the School Board, each to serve three years.

Article 2. To choose an Auditor to serve one year.

Article 3. To hear the reports of Agents, Auditors, Committees or other officers heretofore chosen and to pass any vote relating thereto.

Article 4. That hereafter all money requests that exceed \$1000.00 shall be voted on by written ballot by the legal voters of Hanover, N. H. (Inserted by petition.)

Article 5. To see if the District will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to be paid to the Capital Reserve Fund for the purchase of a school bus, in accordance with R.S.A., Chapter 35.

Article 6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District.

Article 7. To see if the District will authorize the School Board to apply for and accept grants and aid from the United States, the State of New Hampshire, other states, and any agency or municipality thereof, or from private corporations and in-

dividuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other action relative thereto.

Article 8. To transact any other business that may legally come before the meeting.

Given under our hands and seals at Hanover, New Hampshire this eleventh day of February, 1969.

HANOVER, N. H. SCHOOL DISTRICT MEETING

March 6, 1968

A legal meeting of the inhabitants of the Hanover School district was called to order by the Moderator, Stuart W. Russell, at 8:05 P.M. on March 6, 1968 at the Auditorium of the High School in Hanover, New Hampshire. The Warrant on which the meeting was called and the return of posting were read by the Moderator.

Article 1. The following Officers were elected by ballot vote:
Moderator for one year: Stuart W. Russell
Clerk for one year: Neil T. Buffett
Treasurer for one year: Marjorie T. Scott
School Board for one year: Raymond W. Barratt
School Board for three years: Harold L. Bond,
Lucretia L. Sterling

Article 2. A motion, duly seconded, was made by David Hammond Bradley that the District vote to have a school board consisting of five members and to elect the following number of members in the following years in order to maintain this number: 1969 — 1, 1970 — 2, 1971 — 2, 1972 — 1, 1973 — 2 and so forth.

On motion of John Kemeny, duly seconded, it was voted to amend the Bradley Motion so that there would be seven members of the school board to be elected as follows: 1969—3, 1970—2, 1971—2, 1972—3, 1973—2 and so forth. The Kemeny amendment passed by standing vote (Yes 148, No 76).

The Bradley motion as amended by Kemeny was voted in the affirmative.

Article 3. Bruce D. McAllister was nominated, duly seconded, and elected Auditor for a term of one year.

Article 4. On motion of Elisabeth M. Bradley, duly seconded, it was voted that the reports of Agents, Auditors, Committees, and other officers heretofore chosen be accepted as printed in the Annual Report.

Article 5. On motion of John W. Finch, duly seconded, it was voted that the District raise and appropriate the sum of Two thousand dollars (\$2,000.00) to be paid to the Capital Reserve Fund for the purchase of a school bus, in accordance with R.S.A., Chapter 35.

Article 6. On motion of David Hammond Bradley, duly seconded, it was voted that the District raise and appropriate the sum of One Million Two Hundred Forty-Seven Thousand Six Hundred Fifty-Three Dollars (\$1,247,653.00) for the support of schools, for the payment of salaries for school district officials and agents, for the payment of expenses incident to the planning of new elementary school facilities, and for the payment of statutory obligations of the District, including is obligations to the Dresden School District.

Article 7. On motion of Richard S. Bower, duly seconded, it was voted that the District vote to authorize the School Board to make application for and to accept on behalf of the District, any and all grants and aid from the United States, the State of New Hampshire, other states, and any agency or municipality thereof, or from private corporations and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other action relative thereto.

Article 8. On motion of Raymond W. Barratt, duly seconded, it was voted that we pass over Article 8 until Article 9 was dealt with.

Article 9. On motion of John W. Finch the following resolution was accepted:

“This is the last regular meeting of the Hanover School District which Dr. William G. Zimmerman Jr., will attend as our Superintendent of Schools. Bill came to Hanover in September, 1963 as Assistant Superintendent and assumed his present office in September, 1964. Since his coming, his business among us has been education and he has gone about his business brilliantly. His talents and capabilities are too obvious to need enumeration. I would simply observe that, in helping us educate our children, he has helped us educate ourselves. He has taught us much about the dimensions of his job and ours. With an energy that never flagged, and that sometimes left us gasping in his wake, he has taught us much about dedication and patience, about commitment and courage. As a professional educator, in the best sense of the term, he has shown us how much zeal it takes to profess education. I speak for all of us who have worked with him as mem-

bers of the school board when I say that we will value that privilege the rest of our lives. For five years he has withheld nothing of himself from the service of this community. On behalf of the community, then, I move a resolution of deep gratitude to Bill Zimmerman and his family, and of best wishes for the future."

On motion of John W. Finch, duly seconded, it was voted that after the polls close and the ballot counted, this meeting adjourn until June 4, 1968 at 8:00 P.M. at Webster Hall in Hanover for further consideration of business under Article 8 of the warrant.

The Moderator declared the polls closed at 10:12 P.M.

It was voted to adjourn the meeting until June 4, 1968 at 8:00 P.M. at Webster Hall in Hanover, N. H.

The meeting adjourned at 10:55 P.M.

Respectfully submitted,

NEIL T. BUFFETT

*School District Clerk
Hanover, N. H.*

ADJOURNED HANOVER, N. H. SCHOOL DISTRICT MEETING

June 4, 1968

The adjourned meeting of the inhabitants of the Hanover School District was called to order by the Moderator, Dr. Stuart W. Russell, at 8:00 P.M. at Webster Hall in Hanover, N. H. The moderator swore in David D. Hewitt as Clerk, pro tem.

The moderator read Article 8 of the March 4, 1968 Hanover School District Warrant and the motion for adjournment at that meeting.

On motion of David Hammond Bradley, duly seconded, it was voted that this meeting adjourn until Tuesday, October 15, 1968 at 8:00 P.M. at Webster Hall for further consideration of business under Article 8 of the warrant.

The meeting adjourned at 8:12 P.M.

Respectfully submitted,

DAVID D. HEWITT

*Clerk, pro tem
Hanover School District
Hanover, N. H.*

**ADJOURNED HANOVER, N. H.
SCHOOL DISTRICT MEETING**

October 15, 1968

The adjourned meeting of the inhabitants of the Hanover School District was called to order by the Acting Moderator, Neil T. Buffett at 8:00 P.M. at Webster Hall in Hanover, N. H. The Acting Moderator swore in Raymond W. Barratt as Clerk, *pro tem*.

The Acting Moderator read Article 8 of the March 6, 1968 Hanover School District Warrant and the motion for adjournment at that meeting and the motion for adjournment at the June 4, 1968 adjourned meeting.

On motion of David Hammond Bradley, duly seconded, it was voted that this meeting adjourn until Tuesday, October 22, 1968 at 10:00 A.M. at the Nugget Theatre in Hanover, New Hampshire for further consideration of business under Article 8 of the warrant.

The meeting adjourned at 8:10 P.M.

Respectfully submitted,

RAYMOND W. BARRATT

Clerk, pro tem

Hanover School District

Hanover, N. H.

**ADJOURNED HANOVER, N. H.
SCHOOL DISTRICT MEETING**

October 22, 1968

The adjourned meeting of the inhabitants of the Hanover School District was called to order by the Moderator, Dr. Stuart W. Russell at 10:00 A.M. at the Nugget Theatre in Hanover, N. H. The Moderator read Article 8 of the warrant for the March 8, 1968 Hanover School District Meeting.

On motion of David Hammond Bradley, duly seconded, it was voted to dispense with the reading of the minutes of the past meetings.

Motion by Mrs. Elizabeth Crory, duly seconded, that the district appropriate \$1,480,000.00 for constructing, originally equipping and furnishing an elementary school on the Reservoir

Road school site, including necessary site development and legal fees, and that to raise this appropriation the school board is authorized to issue \$1,430,000.00 bonds or notes of the district under the Municipal Finance Act, and that the school board is authorized to take all action, including the execution of contracts, necessary to carry out this project.

On motion by David Hammond Bradley, duly seconded, it was voted that voting under Article 8 of the warrant be by secret written ballot by use of the checklist prepared by the Town Supervisors of the Check List on October 21, 1968 with a ballot giving the voter the choice of "Yes, for the Bond Issue" or "No, against the Bond Issue" and that voting commence at the conclusion of the discussion under this article and continue until 6:00 P.M.

The Moderator announced that it was anticipated that the meeting would move to the conference room in the Nugget Theatre at 6:00 P.M.

The Moderator declared the polls closed at 6:00 P.M.

On motion of David Hammond Bradley, duly seconded, it was voted that the place of this meeting be moved to the upstairs conference room in this building for the purpose of counting the ballots and the transaction of any further business.

The vote on the Crory motion was:

Yes, for the Bond Issue	904
No, against the Bond Issue	205
Total votes cast	1109

The Moderator declared that the motion carried.

On motion of John Copenhaver, duly seconded, it was voted to adjourn the meeting.

The meeting adjourned at 6:35 P.M.

Respectfully submitted,

NEIL T. BUFFETT, *Clerk*
Hanover School District

ANNUAL REPORT OF THE HANOVER SCHOOL BOARD

Approval of Bond Issue

Perhaps the major milestone of the District this past year was the approval of the bond issue for the new elementary school to be built on Reservoir Road. After many months of careful work by the Building Advisory Committee and the combined local architectural firms of Fleck and Lewis and Roy W. Banwell, Jr., the \$1,500,000 proposal for the new school was brought to a vote on October 22, 1968. Out of 1109 votes cast, 904 or about 82% voted in favor of the proposal.

The new school will have 23 classrooms and will house kindergarten through grade 3, beginning in September of 1970. This facility has been designed to provide for eventual addition of grades four through six. To meet educational needs both now and in the future, the staff prepared an extensive list of educational specifications which was then reviewed by the Building Advisory Committee. Translating these specifications, the architectural plans call for an "open classroom" concept and provide maximum flexibility for the education of children both now and in the future.

RETIREMENT OF MISS BERNICE A. RAY

Our elementary school principal, Miss Bernice A. Ray, has announced that she will retire at the end of this school year. Miss Ray has devoted forty years to the children of Hanover both as teacher and principal. The qualities of commitment, wisdom, wit and ability which Miss Ray brought to her post are incomparable.

FORMATION OF JOINT STUDY COMMITTEE

The prospect of moving to new imaginative facilities and recruiting a new principal have thrust upon your school board the need for thorough study of the many new developments in elementary school education. To meet this need, a study committee is being formed which will consist of members of the board, the instructional staff, and citizens of the community. The committee will work on a joint basis with a similar committee which is being created in Norwich, Vt.

ENROLLMENT AND CROWDING

After an unexpected decrease in enrollment in 1967-68, our elementary school population continued its upward trend this year. November 1, 1968 enrollment stood at 767, an increase of 23 since last year.

A third portable classroom was constructed during the past summer. In addition to the three portables now in use, our entire kindergarten program (6 half day sessions) continues to be conducted in the nearby Roman Catholic and Lutheran churches. Inside our present building, classes are being held in the former multi-purpose room, the former superintendent's office, and the former teachers' lounge.

The anticipated growth in student enrollment for next year would normally dictate the addition of at least one new teaching position and classroom area. However, since the crowding problem will be resolved in 1970, the school board has decided that the district can "make do" for the coming year with the existing number of teachers and teaching stations even though the policy on maximum class size will probably be exceeded at two or more grade levels.

CHANGE IN DISTRICT OFFICERS

At the district meeting in 1968, the district voted to increase the size of the school board from 6 to 7 at the 1969 district meeting. This means that 3 rather than 2 new members must be elected this year for 3 year terms.

In June of 1968, Elisabeth M. Bradley resigned from the board in order to spend the school year with her family in Finland. Her resignation came after 12 years of service on the board, far more than any other member of the board in recent memory. Her vacancy was filled by John G. Skewes who was a former board member and was then serving on the Building Advisory Committee.

In January of 1969, Professor Raymond W. Barratt resigned from the board in order to spend the winter term at Stanford University. His replacement is Dr. John W. Schleicher who is also a former board member.

The duties of Clerk of the District have been ably fulfilled by Neil T. Buffett for the past 2 years. Mr. Buffett has recently taken a new position in Newport, N. H., therefore his replacement will be elected at this year's district meeting.

THE BUDGET

Although the proposed budget for 1969-70 shows an overall increase of \$157,055 or 23.1% over last year's budget, this budget is, for the most part, a "hold-the-line" budget after eliminating those items which have been predetermined. For example, this year's total increase is nearly accounted for by two items—(1), increased teacher salaries totalling \$46,960 and, (2) increased debt service for the new school amounting to \$107,500. The first of these items is, for all practical purposes, set at the Dresden School District meeting since we have always paid our elementary and high school teachers the same salary. The second item was, of course, set at the time of the bond issue vote last October.

Last year's budget contained an extraordinary item of \$29,500 for a portable classroom and planning funds for the new school. The corresponding figure for 1969-70 has been reduced to \$1500 to be used for planning necessary renovations to the oldest portion of the elementary school when grades one, two, and three move to the new facility.

The other most significant increases in this year's budget are administrative salaries, additional custodial personnel, and transportation costs due to additional bus routes.

COMMUNITY PARTICIPATION

The Hanover School Board encourages the community to visit the elementary school and to help make it a good learning center for our children. This year we again owe a debt of gratitude to the Parent-Teachers Association. They conducted a very successful visiting evening in the fall where the children actually brought their parents into their classrooms and showed them what they were doing. In addition, the PTA is providing invaluable assistance in the cafeteria. The Friends of the Hanover Schools continue to make a significant difference in the educational offerings that are possible to Hanover's children. This year they are concentrating most of their efforts on a joint study with Norwich of the Language Arts Program. They are financially encouraging the instructional staff in their study of this area of our curriculum and are supporting pilot projects to see whether we can find more effective ways to help children learn. We wish that we could individually thank the many people in the community and students in the high school who give their talents and time to help in our elementary program.

The Board is firmly convinced that all of this assistance confirms Hanover's commitment to good elementary education.

Hanover School Board

REPORT OF THE COOPERATIVE SCHOOL DISTRICT PLANNING COMMITTEE

Your Cooperative School District Planning Committee has been meeting for the last three years to determine whether a single school district serving children in kindergarten through grade twelve should be formed in this area. Representatives of the existing Dresden, Norwich, Lyme, and Hanover School Districts, plus observers from neighboring communities, have studied such factors as state aid, transportation, administrative supervision, population changes, and school building needs.

Members of the planning committee agree that if no schools existed in the Upper Valley, a newly created school district might include Norwich, Lyme, Hanover and several of the neighboring communities. Such a school district would represent a geographical area in which people work, trade, and benefit from other community services. Within it there would be enough taxable property to support an educational program. The number of students might be neither too large nor too small and residents of the district might be in general agreement upon what kind of education they desire for their children.

However, separate school districts do exist. Local communities take pride in "their" schools and make great efforts to support these to the best of their ability. School building needs have been solved for the moment although this may change shortly because of new state minimum standards and projected population growth.

The curriculum and staff in the Dresden, Norwich, Lyme, and Hanover School Districts are well coordinated through the Supervisory Union staff. Thus, the major advantages to a cooperative school district would, for the moment, be limited to greater administrative efficiency and some expectation of increased state aid for construction. In the opinion of the members of the planning committee, these advantages do not outweigh the disadvantages associated with asking residents of Norwich, Lyme, and Hanover to abandon their local school districts.

The Cooperative School District Planning Committee believes that, although a cooperative school district is desirable and soon may become necessary, no further action should be taken to form such a district at this time. The planning committee recommends that the respective school boards should implement

further studies under the new interstate legislation at such time as local needs and conditions may change.

Respectfully submitted,

WARNING FOR ANNUAL MEETING
of the
DRESDEN SCHOOL DISTRICT

Hanover, New Hampshire — Norwich, Vermont

The legal voters of the Norwich (Vermont) Town School District and the legal voters of the Hanover (New Hampshire) School District are hereby notified and warned to meet at Tracy Hall in Norwich, Vermont, on Monday, the third day of March, 1969, at 8:00 in the evening, for the purpose of holding the Annual Meeting of the Dresden School District and for the purpose of transacting the following business:

Article 1. To elect a moderator, a clerk, and a treasurer each to serve for a term of one year, and one auditor to serve for a term of three years.

Article 2. To hear the reports of the officers and agents of the District and pass any vote relating thereto.

Article 3. That hereafter all money requests that exceed \$1000.00 shall be voted on by written ballot by the legal voters of Hanover, N. H. (Inserted by petition).

Article 4. To see if the District is in favor of permitting eight new ABC students (the total would not exceed the maximum of sixteen approved at the 1968 School District Meeting) to attend Hanover High School grades eleven and twelve without payment of tuition.

Article 5. To see what sum of money the District will appropriate for the support of its schools and for other lawful expenses for the fiscal year beginning July 1, 1969, and to authorize the application against such appropriation of the estimated income of the District, the balance to be apportioned between and raised by the Hanover School District and the Norwich Town School District, in accordance with the legislation authorizing the District and with the Articles of Agreement.

Article 6. To see if the District will authorize the Board of School Directors to apply for and accept grants and aid from the United States, the State of New Hampshire, the State of Vermont, and any agency or municipality thereof, or from private corporations and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the District of such aid and cooperation, or to take any other action relative thereto.

Article 7. To transact any other business that may legally come before the meeting.

Given under our hands and the seal of the District this eleventh day of February, 1969.

DRESDEN SCHOOL DISTRICT
Hanover, New Hampshire — Norwich, Vermont
MINUTES OF ANNUAL MEETING
March 4, 1968

The Annual Meeting of the Dresden School District was called to order by the Moderator, Allen R. Foley, at 7:35 P.M., March 4, 1968 at the Auditorium of the High School in Hanover, New Hampshire. The warrant and returns of posting and publication were read by the Moderator.

Article 1.

The following Officers were elected for the terms listed:

Mr. Allen R. Foley, Moderator for one year

Mr. Neil T. Buffett, Clerk for one year

Mrs. Marjorie T. Scott, Treasurer for one year

Mr. Philip Wheeler, Auditor for three years

Article 2.—

Motion made by Wilbur R. Goodhue that the reports of the officers and agents of the District be accepted as printed in the Report of the Dresden School District. Seconded. Voted in the affirmative.

Article 3.

Motion by Charles Dey that the Dresden School District permit not more than sixteen students from the Dresden A.B.C. Program, Inc. (A Better Chance) to attend the Hanover High School grades eleven and twelve without payment of tuition until such time as this permission is revoked by the District. Seconded.

Motion by Paul Fredyma that Article 3. be passed over. Seconded. Motion put to a standing vote and the Moderator declared that the Fredyma motion was defeated.

Motion by Lucy Bridges that the motion be amended so that the appropriation be for the 1968-1969 school year only. Bridges amendment passed on a standing vote.

Motion by Leonard Morrissey that the Motion be amended to read: "That the Dresden School District permit not more than sixteen students from the Dresden A.B.C. Program, Inc. (A Better Chance) to attend the Hanover High School grades eleven and twelve without payment of tuition until they shall graduate." Seconded. The Morrissey motion was put to a standing vote which tallied 165 for the amendment and 109 against the amendment. The moderator declared that the amendment was passed.

The Dey motion as amended by Morrissey was voted on by written ballot. The vote was: Yes — 206, No. — 140. The Moderator declared that the motion as amended was passed.

Article 4.

Motion by Dr. Robert E. Nye that the District appropriate the sum of Eight hundred sixty-nine thousand seven hundred eighty-seven dollars (\$869,787.00) for the support of its schools and for other lawful expenses for the fiscal year beginning July 1, 1968, and to authorize the application against such appropriation of the estimated income of the District, the balance to be apportioned between and raised by the Hanover School District and the Norwich Town School District, in accordance with the legislation authorizing the District and with the articles of agreement. Seconded.

Motion by Rev. Miller to amend the motion to increase the sum appropriated by the sum of \$13,665.00. Seconded. The amendment was put to a standing vote which tallied 116 for the amendment and 162 against the amendment. The Miller amendment was defeated.

The Nye Motion was voted in the affirmative.

Article 5.

Motion by Dr. Ruth Gosselin that the District authorize the Board of School Directors to apply for and accept grants and aid from the United States, the State of New Hampshire, the State of Vermont, and any agency of municipality thereof, or from private corporations and individuals for the construction, maintenance, reconstruction, operation, and financing of its schools, and to do any and all things necessary in order to avail the district of such aid and cooperation or to take any other action relative thereto. The Gosselin motion was voted in the affirmative.

Article 6.

No other business was brought before the meeting.

Motion to adjourn. Seconded. Motion to adjourn voted in the affirmative.

The meeting was adjourned at 10:50 P.M.

Respectfully submitted,

NEIL T. BUFFETT

Clerk of the Dresden School District

ANNUAL REPORT OF THE DRESDEN BOARD OF SCHOOL DIRECTORS

Since the last town report, the Dresden Board of School Directors has been making a careful assessment of the Hanover Junior-Senior High School. This has been a year of change and evaluation. There have been changes in administrative leadership, teachers are studying and trying new approaches to instruction, and students are taking greater responsibility in both their academic and social affairs. We have entered a period of testing ideas, methods of teaching, and academic pilot programs.

SIGNIFICANT CHANGES IN ADMINISTRATIVE LEADERSHIP

More than a year ago, Dr. William G. Zimmerman, Jr. announced his decision to accept a position as Chairman of the Department of Educational Administration at Northeastern University. During his four years as superintendent of Supervisory Union #22, the Dresden District which started as a bold precedent in interstate cooperation became an educational reality, one that can be expected to set the pattern for interstate school district organization in the future.

After a careful search, the boards of the supervisory union were pleased to select Arthur N. Pierce as our new superintendent. Mr. Pierce comes to this area from New Jersey where he was Assistant to the Superintendent of the Scotch Plains-Fanwood Public Schools.

Last March Elson S. Herrick resigned as principal of Hanover Junior-Senior High School and accepted a principalship in Litchfield, Connecticut. In July the board appointed Roland M. Miller as our new principal. Mr. Miller was formerly principal of Alameda Junior High School in Jefferson County, Colorado. Under his leadership, the board, staff, and students are evaluating the existing school organization and curriculum.

The board is especially grateful for the outstanding assistance of Jan C. ter Weele who, as Assistant Superintendent of the supervisory union, not only provided for the smooth transition among administrative personnel but also brought to the Dresden School District an unusually strong group of new teachers in spite of regional and national teacher shortages.

PROGRAM EVALUATION

The studying of our program had already begun last spring with the establishment by the Board of School Directors of the Committee on Educational Philosophy and Goals. Under the chairmanship of Professor Donald L. Kreider, the committee is composed of two board members, two members of the instructional staff, and four members of the community. In March members of the committee began to ask the staff, students, and community what they believed were the strengths and limitations of our school program. Throughout the spring the committee listened to many different people, organizations, and informal groups in an effort to determine what the community believes the job of the school should be and how it perceives the present educational system to be accomplishing these objectives. An interim report was delivered to the board last September. The concerns expressed in this report have guided the administration and staff in their re-examination of the school system.

The board also established an *an hoc* committee to study and make recommendations about interscholastic and intramural athletic programs. This group, chaired by C. Colby Bent, is composed of a board member, representatives of the staff, and members of the Hanover and Norwich communities. A preliminary report has been received by the board, and it is hoped that some of the recommendations can be implemented during 1969-70.

Under Mr. Miller's direction the staff has begun a major evaluation of our approach to scheduling and is exploring a number of alternative scheduling arrangements. Aided by parents and students, the staff has been researching alternatives through reading, extensive visiting of other schools, and discussions as to how we might structure our high school next year. The main goal of any rescheduling is to find an approach which serves all programs by permitting teachers to design course structures according to the demands of their particular subject. A more flexible schedule would establish variations in class size and in the length of time of the class periods. For example, some subject matter is taught more effectively in large groups, some in seminar groups, and some by individual instruction. Some subjects such as physical education and home economics, are best taught for longer periods of time. Others—an example would be a foreign language drill—need shorter

lengths of time. Another important feature of a more flexible schedule is that it offers an opportunity for students to work in a number of different instructional areas under the guidance of teachers and para-professionals during the time that they are not in regularly scheduled classes. The Dresden Board of School Directors believes that our school is constructively finding ways to create a schedule that will serve the teaching and learning needs of our staff and students more effectively than is possible under the present schedule.

A school-community committee, chaired by Stephen R. North, has been established to study grading. This committee has conducted a questionnaire designed to determine community reaction to both our present system of grading and possible alternatives. They are studying numerical grading, numerical rank in class, and the degree of emphasis on grades in our present system. They are also looking into alternatives for reporting information on student performance.

Another school-community committee is investigating the effectiveness of our present structure of achievement grouping. At the present time the Hanover Junior-Senior High School groups students according to their performance in a subject during the previous year. This committee, under the leadership of a teacher, Ford A. Daley, is trying to determine whether achievement grouping is the most effective way educationally and socially to organize students.

The faculty of the Dresden School District has been extraordinarily busy this past year. In addition to the committees described above, a Faculty Council was established last spring and, largely in response to faculty concerns about its functioning during the initial months, has been restructured this fall to appraise general school policies and recommend action as needed.

PROPOSED BUDGET

The proposed budget for 1969-70 shows an increase of \$153,600 over the \$869,787 budget for 1968-69.

Enrollments have continued upward with fifty-four more students in 1968-69 than in 1967-68, an increase of nearly seven percent. Assuming a five percent increase for 1969-70, there will be about 960 students in grades seven through twelve next year. Thus, part of the 17.6% increase in the proposed budget

reflects the cost of additional instructional materials and the salaries of two additional teachers to serve these students.

In addition to the teachers needed for growth in enrollments, funds have been included to hire the equivalent of slightly less than two teachers in order to provide more time for the six coordinators to work with their staffs in orienting new teachers, in curriculum development, and in program evaluation. Funds have also been included to hire additional service personnel including clerical, custodial, and maintenance personnel. We will attempt to use para-professionals (members of the community who are not necessarily trained to be teachers) whenever their services can be used in lieu of the additional teachers budgeted.

Increases in the salaries of the fifty-eight members of the instructional staff amount to \$41,067. This reflects a base salary of \$6350 for 1969-70 and the addition of a new track on the salary guide to reward teachers who have earned thirty credits beyond the bachelor's degree.

Other significant increases reflect the continued program of curriculum revision, proposed changes in the schedule, and greater support of the student activities program.

The sum of \$1,000 has been included to cover a study of the existing plant in anticipation of some renovations when space becomes available upon completion of the new elementary school in Hanover. Of particular concern is the need for additional physical education facilities.

STUDENT ACCOMPLISHMENTS

Students as well have experienced and contributed to change in our school. Last spring they were in a large measure responsible for the establishment of a Student Union for seniors. The Student Union is located in the cafeteria when that facility is not being used to serve lunches. It is an area for group study, relaxation, and socializing. This fall the students and staff have worked out a broadening of its scope to include grades nine through twelve. In addition, students have assumed much greater responsibility for their own time and commitments.

The Dresden Board would like to congratulate the student body and staff for their many unusual accomplishments in the area of co-curricular activities and interscholastic athletics.

Our athletic program encompasses seventeen sports and twenty-seven teams. In February of 1968 the boys' ski team won the New England Interscholastic Ski Championship in the 23rd Annual New England Interscholastic Ski meet. They also won for the eighth consecutive year the Class A State Ski Championship. The girls' ski team won the New Hampshire State Championship. Then, last spring, the baseball team won the Central Mountain League Championship, and the boys' track team won the Class I New Hampshire State Championship. The board would also like to commend two of our fall teams for their extraordinary accomplishments. The football team was undefeated and won the Division IV State of New Hampshire Championship. It also won the Granite State Conference Championship. The soccer team, in only its seventh year, won the State of New Hampshire Soccer Championship. Due to unusual weather conditions, the last two championships were won on the same day, with the band heroically dividing itself in half to attend both games.

We now have fourteen co-curricular activity groups in the Hanover Junior-Senior High School. The board would like to make special mention of the accomplishments of the Footlighters, our dramatic club. The Footlighters' production of "A Thurber Carnival" won first place in the large school division of the State School Drama Festival. The production was also one of only three to be awarded a rating of excellent at the New England Drama Festival held in Providence, Rhode Island.

COMMUNITY PARTICIPATION

We would like to acknowledge the departure from the board of three members of the community. Mrs. Elisabeth M. Bradley resigned in the spring after having worked for excellence in education in Hanover and Dresden for twelve years. Dr. Robert E. Nye, Jr. resigned last summer and his many contributions to the Dresden Board of School Directors are missed by all of us. Professor Raymond W. Barratt resigned in January; the community will miss not only his dedicated work in the field of natural science, but his careful attention to many aspects of education.

We would like to express our thanks to the students, faculty, administration, and staff for a job well done. The community has given more of its time, energy, and money than ever be-

fore. In addition to all of the committees discussed above, there are several community organizations to which we are particularly indebted. The Friends of the Hanover Schools, which includes both Hanover and Norwich families, continues to support and enrich the school in many ways. We are particularly grateful for their encouragement and financial support of the paper-back library program and an educational trip fund which has enabled many students to enlarge their experiences. The PTA has continued to encourage community participation and visiting in the school and to offer stimulating educational programs. This year the Junior High Parents' Council has been an invaluable group in gathering information to determine the educational needs of the junior high students and has helped everyone involved to make the education of these children more relevant and effective. There is no direct way to thank individually all of the many people who have given of themselves to their school, but we would like to publicly express our deep appreciation to them collectively in this report.

REPORT OF THE COOPERATIVE SCHOOL DISTRICT PLANNING COMMITTEE

Your Cooperative School District Planning Committee has been meeting for the last three years to determine whether a single school district serving children in kindergarten through grade twelve should be formed in this area. Representatives of the existing Dresden, Norwich, Lyme, and Hanover School Districts, plus observers from neighboring communities, have studied such factors as state aid, transportation, administrative supervision, population changes, and school building needs.

Members of the planning committee agree that if no schools existed in the Upper Valley, a newly created school district might include Norwich, Lyme, Hanover and several of the neighboring communities. Such a school district would represent a geographical area in which people work, trade, and benefit from other community services. Within it there would be enough taxable property to support an educational program. The number of students might be neither too large nor too small and residents of the district might be in general agreement upon what kind of education they desire for their children.

However, separate school districts do exist. Local communities take pride in "their" schools and make great efforts to support these to the best of their ability. School building needs have been solved for the moment although this may change shortly because of new state minimum standards and projected population growth.

The curriculum and staff in the Dresden, Norwich, Lyme, and Hanover School Districts are well coordinated through the Supervisory Union staff. Thus, the major advantages to a cooperative school district would, for the moment, be limited to greater administrative efficiency and some expectation of increased state aid for construction. In the opinion of the members of the planning committee, these advantages do not outweigh the disadvantages associated with asking residents of Norwich, Lyme, and Hanover to abandon their local school districts.

The Cooperative School District Planning Committee believes that, although a cooperative school district is desirable and soon may become necessary, no further action should be taken to form such a district at this time. The planning committee recommends that the respective school boards should implement further studies

under the new interstate legislation at such time as local needs and conditions may change.

Respectfully submitted,
